NOW INSPECTING AUSTRIAN PRISONERS

COUNT ROSEN ARRIVED MONDAY.

Now at Fort Oglethorpe Looking After Interests of Interned Enemy Aliens.

Count Charles Rosen, of the Swedish legation at Washington, arrived in Chattanooga Monday and proceeded to the United States War prison barracks at Fort Oglethorpe Tuesday to make a tour of inspection. The Swedish government is looking after Austrian interests in the United States, and Count Rosen's trip to the internment camp is in the interest of the citizens of that country held there.

He began his inspection of the camp Tuesday morning accompanied by officials of the prison. His trip to Oglethorpe is of no special significance, having been made merely at the request of the Austrian government, which desired an account of the treatment of prisoners.

A report of conditions at the prison will be sent to the Swedish legation at Washington and subsequently forwarded to Vienna.

TEMPORARILY SUSPEND

Schools Forced to Close on Account of Burst Boilers.

Three city schools were temporarily suspended Monday morning because of burst boilers. The Jefferson street school, Chestnut street school and Third district school, but due to the efficient work of the department of public utilities classes will soon be resumed.

Upon hearing of the accidents and learning that five new boiler sections were needed for repairs, the needed materials were ordered shipped from Birmingham by express. The weight of the entire shipment will make the total charges more considerable, but Commissioner Heron decided that it was worth it to get the schools in operation.

Three sections of boiler were torn up at the Jefferson street school and at Chestnut street and at Third district. At Chestnut street there are two boilers, and it is thought that the school can resume Wednesday, perhaps, by using only one. The other schools will resume as soon as possible.

CUTS HIS LIVER

Robert Moore, Colored, Has Wound in His Vitals.

Robert Moore, colored, lies at Erlanger hospital in a serious condition following a drunken brawl at the home of Sammie Gibson, where he had gone in quest of liquor. The injured negro was led to the house by Less Wan, who has not yet been captured. Sammie took Moore's money and a light resulted, both contestants being in drunken condition. Moore was stabbed in the side, the blade of a long single-bladed knife penetrating his liver. The case was continued indefinitely pending his sufficient recovery to appear at the trial. The arrest was made by Patrolman Partridge.

IN NEW YORK HOSPITAL

Sergt. Mason Back From France—Home Soon.

Mrs. Josephine Mason has received a letter from her son, Sergt. Robert Mason, stating that he had arrived in New York and was at evacuation hospital No. 2. It will be remembered that young Mason was severely wounded in battle last May.

He writes, "I am now able to walk with the use of only one crutch. The New York people are very cordial to the soldiers." He tells of attending a dinner party at one of the large hotels, given for the boys by the people.

Sergt. Mason is anxious to be transferred to Fort Oglethorpe, but says he expects he will either be sent to Camp Gordon or to a camp near Washington.

DINNER FOR POOR

Salvation Army Will Serve Chicken

The annual Thanksgiving spread for Chattanooga's poor will be given by the Salvation Army Thursday at 12 o'clock at their hall, 1263 Market street.

The menu will consist of chicken, ham, vegetables, and all the delicacies that go to make a Thanksgiving dinner.

It was thought for a while the dinner would have to be cancelled owing to the lack of funds. Capt. C. W. Bowling has been very ill for the past few weeks, but he has been able to get out and solicit funds for the dinner. A number of close friends of the captain have sent generous donations to him, which will again permit the customary dinner to be served. Anyone who wishes to contribute to the dinner fund, please send same to Capt. Bowman at headquarters.

LABOR AGENT HELD

Charged With Enticing Labor Out of State.

J. N. Howland, a labor agent for the Breeze Construction company, engaged in cantonment construction work at Fayetteville, N. C., was arrested Monday afternoon by a representative of the United States employment bureau charged with enticing labor from the state. It is alleged by three men that the agent promised them employment, one as a locomotive engineer and the other two as best painters. This fare to the cantonment was paid, but there was no job awaiting them there and they were turned back without railroad fare. The men are represented by Attorney Eugene Bryan and the agent by Attorney W. H. Cummings. The case will be tried in police court Wednesday morning. It is understood the company is engaged in converting cantonment buildings into a hospital group for returned veterans from France.

GIVE BOY ORATORS CHANCE TO TALK

UNIQUE PLAN FOR RED CROSS ROLL CALL.

Probably Only One Public Mass Meeting Will Be Held During Campaign.

"Boy orators" will have a prominent part in the Red Cross Christmas roll call. They are going to do a large extent, and already have been rehearsing for their appearance in theaters, the movies, schools, Sunday schools and other public places.

Organization is going on at a rapid rate for the roll call. There will be committee meetings every afternoon this week except Thursday and several joint meetings of all camps. It is probable that only one public mass meeting will be held before the campaign opens, and that will be Thursday, Dec. 12.

P. A. Nelson, director of the roll call, is highly optimistic over the prospects for Chattanooga going over the top on this campaign, as it has on all others.

"We feel sure that the people of Chattanooga will most thoroughly understand the necessity for the continuance of the Red Cross work. While it is true that the Red Cross society has played a very prominent part during the war, the society is not a war society pre-eminently. The Red Cross was a very active organization many years before the world war, and will continue to be active in the future. Of course, for the next months, and perhaps years, the society will continue work which is more or less directly connected with the war; but gradually it will get back to its former activities in the times of peace.

For several years previous to 1914 the Red Cross was particularly active in tuberculosis work. It is not generally known, but in the past four years this dread disease has cost more lives than the world war. The fight against this disease will be waged with all of its former zeal.

There is still a great deal of work left to be done in the military and suffering incident to the war. The Red Cross has much ahead of it in this particular. The present drive is not for the Red Cross, but for the Hamilton county, has been notified by Mr. Gilbert to pass the information down to the retail merchants.

CAPTURED HUN BAND

Pittsburgh, Pa.—(L. N. S.)—In France recently a German regimental band of 100 members, who had been taken prisoner, played "The Star Spangled Banner" according to a letter from Capt. Evans, of the Third Hundred and Nineteenth Infantry, to his dad. The band was taken during a surprise attack which was made without a barrage preliminary. The German musicians played the air in a very creditable manner, according to Allan.

RELIABLE PRESCRIPTION FOR THE KIDNEYS

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine. It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a bottle. When writing be sure and mention the Chattanooga News.—(Adv.)

APPROPRIATIONS OF CONGRESS

A series of appropriations made by congress for the legislative and executive branches of the government for the current fiscal year follow:

For compensation of United States senators, \$720,000.

For mileage for United States senators, \$151,000.

For compensation of United States representatives, delegates from territories and resident commissioners from Porto Rico and the Philippines, \$3,804,000.

For office of secretary of treasury—in all \$33,200, as follows: Secretary of the treasury, \$12,000; six assistant secretaries of the treasury, \$5,000 each; clerk to the secretary, \$3,000; executive clerk, \$2,400; stenographer, \$1,800; five private secretaries, one to each assistant secretary, \$1,800 each; one government actuary, under the control of the treasury, \$1,000 each; chief messenger (one), \$1,100 each; assistant chief messengers (two), \$1,000 each; messengers (three), \$900 each, and (five), \$850 each.

least possible shock in making the change.

On the part of the authorities at Washington, in view of this decision, Charles C. Gilbert, chairman of the committee on commercial economy, is instructing the country chairmen throughout the state to release all merchants from their obligation as to restrictions in connection with the Christmas holidays, and to leave it to the merchants themselves to fix any rules or regulations regarding Christmas shopping which will best serve the interests of the public.

The restrictions which were placed upon the merchants were that they could not keep their places of business open at night during the period just preceding the holidays. Neither could they employ extra help for the Christmas trade, and that deliveries of merchandise would have to conform to the same rules which applied weeks before the holidays.

Fred Arn, chairman of the committee on commercial economy for Hamilton county, has been notified by Mr. Gilbert to pass the information down to the retail merchants.
